

160 mm

A technical drawing of a rectangular label. The label is divided into three horizontal sections. The top section is the largest, with a height of 160 mm. The middle section is a horizontal band with a height of 40 mm, containing text in three languages. The bottom section is a thin band with a height of 3 mm, labeled as a bleed area. A horizontal dimension line indicates a width of 70 mm. A dashed horizontal line separates the middle section from the bottom section.

70 mm
